Work Schedule: Full Time. Monday- Friday 8:30 AM to 5:00 PM.

Reports To: CTO

Direct Reports: Senior Mechanical Engineer

Travel: Occasional Travel Required (Less than 10%)

About Us

Anderson Connectivity is an aerospace engineering, manufacturing and maintenance organization that has been in the business of supporting the development and continued operation of In Flight Entertainment and Connectivity systems since its incorporation in 2005. After being awarded our 14CFR Part 145 repair station certificate earlier this year, we are looking to grow our business exponentially over the next 5 years. We are committed to achieving this growth by finding team members who share the same high levels of self-motivation and passion that has driven our success to date.

If you are ready to be a part of a team focused on the success of the individuals and the company, we are looking forward to hearing from you!
